

**DIRECTORY
OF
PIOs/APIOs AND APPELLATE AUTHORITIES OF
DISTRICT HAMIRPUR
UNDER RIGHT TO INFORMATION ACT**

**'Capacity Building for Access to Information' Project
DISTRICT HAMIRPUR(H.P.)**

Message

It gives me immense pleasure to know that District Hamirpur is bringing out 'Right to Information Directory of District Hamirpur' with a view to educate the residents of the district about the provisions of the Right to Information Act.

Transparency and accountability are the prerequisites of good governance and can be ensured with free flow of information. Himachal Pradesh Government is committed to provide people of the State transparent, efficient, corruption free and responsive governance. The leading initiative taken by the District Administration of Hamirpur deserve & appreciation and would inspire others to educate people about the provisions of the Right to information Act. I have been given to understand that the Directory shall contain information about Public Information Officers and Appellate Authorities of the district, both of Central and State Governments and down to the Gram Panchayat level who can be contacted by the applicants.

I hope the Directory would be of immense use and a landmark to the residents of the district and help them in exercising their rights under the Act.

My best wishes for the successful publication of the Directory.

(Prem Kumar Dhumal)

Right to Information Act, 2005 has been hailed as one of the most useful and landmark administrative reforms in the post-independence era of public administration in India.

The Report of National Sub-Committee of Central Information Commission (2008) entitled '*Implementation of Right to Information Act, 2005*' recommends that "all State Governments must undertake, through all forms of mass media, an extensive public awareness programme to educate the people about their right to information. Also, a directory of APIOs, PIOs and Appellate Authorities should be freely available."

Accordingly, a Directory of PIOs/APIOs and Appellate Authorities has been prepared for various Public Authorities of district Hamirpur both at the district and the sub-district levels. The Public Authorities include both State Government departments and Central Government departments. The Directory would be quite useful to the common public for identifying, locating and approaching the various Public Authorities under the Act in the district both for their RTI applications and appeals. It would be available *free of cost* at various governments offices including all Patwar-khanas and Panchayat offices of Hamirpur district.

I hope that the Directory would go well with the common citizens in enhancing their access and availability of information and ultimately in improving the public service delivery.

October, 2009.

ABHISHEK JAIN, IAS,
Deputy Commissioner,
HAMIRPUR (H.P.)
